GAMBLING CLUBS HAVE BEEN CLOSED UNTIL FURTHER NOTICE

This Action Taken By Board Of Health At Monday Evening Meeting

PUBLIC DANCES PROHIBITED

A special meeting of the Board of Health was held Monday evening, with all members present, to take action on certain phases of the health situation in the borough.

The first subject to be discussed was the closing of the clubs that had violated the regulations laid down by the board during the present epidemic of influenza. It transpired after an investigation, that quite a number of clubs had not lived up to these regulations but had kept open at all hours and on Sunday and moreover had crowded their rooms to the limit with members. After this condition had been reported to the Board a motion prevailed that all those clubs that had so offended be closed until further notice. Those clubs which obey the regulations and observe the same hours as the hotels will not be molested.

Prof. Pollock, civilian manager of the emergency hospital, made a report concerning conditions and said he believed it was possible to close that institution this week. However, it was deemed advisable to secure two district nurses and two helpers to look after any cases of influenza that might develop in the future. After considering the report the Board decided to ask Council to make the necessary appropriation to carry out this suggestion, that the hospital may be closed and the high school may be able to resume its sessions.

It also decided to ask Council, through the Chief of Police, to call on Capt. Pollock for the assistance of the Home eDfense Police to assist in keeping down the crowds in all stores between the hours of 4 and 10 p. m. Pool rooms were also asked to confine their attendance to patrons who are using their tables. Furthermore it was decided to prohibit all public dances until further notice.

This concluded the business of the session and the Board adjourned until Wednesday evening at 7:30 o'clock.

DEATHS FROM "FLU" ARE OVER 40,000

During the epidemic of the influenza in Pennsylvania during the past two months there have been 14,6?6 deaths. Reports from a number of localities show that the number of cases of "flu" are decreasing.

COUNCIL HOLDS A SPECIAL SESSION

A special meeting of the borough council was held at the borough building Monday evening, to consider the request of motor truck drivers to place ashes on Fourth street between Washington and Fallowfield avenue during winter weather. This request was made because of the slippery conditions which prevail on the section of the street during the winter and which makes it difficult for big trucks to get either up or down the street.

After discussing the situation council ... request ... owners so that the motor truck owners should provide a man to keep the crossings clean and would remove the ashes after the necessity for their use had passed.

Mr Swickey reported that the hearing in the Riggle compensation case had been again postponed.

A question of paying a certain amount of the salary of the late police officer Gus Brickner was taken up and an opinion from Acting Borough Solicitor Burnsides was read in which he informed council that borough money could not be used for that purpose.

A resolution also prevailed asking the board of health to formulate regulations with reference to stores during the holiday season for the guidance of the local and the Home Defense Police, which organization has been asked to lend its assistance.

Other measures were taken up and disposed of after which council adjourned to meet again next week.

GAVE LUNCHEON FOR MAJ. DUNHAM

Major McKay of the United States Army Medical Corps, home on a furlough from Camp McClelland, Anniston, Ala, gave a luncheon in honor of Major Dunham of the Surgeon General's Department, U. S. A. at the Hotel Wilbur Monday noon. Those present beside the host and guest of honor were Dr. J. K. Smith Dr. T. M. Faddis, Dr. C. E. Enos Dr. D. E. Sloan, Dr. A. O. Davis, Dr. Ferman, Dr. H. H. Hill, Dr. Collier from Roscoe, H. J. Booth President of the Charleroi Chapter of the American Red Cross and Dr. A. B. Lenhart, President of the Red Cross of California. At the conclusion of the luncheon Major Dunham gave a brief talk on the success he had met with in combatting disease in army camps, and spoke of the spraying method now being used here in Charleroi. The occasion proved to be a very enjoyable one. Major Dunham left at 4 o'clock for Washington City.

THANKSGIVING SERVICE THURSDAY EVENING

The annual Thanksgiving services under direction of the local Ministerial Association will be held in the First Baptist church Thursday evening. November 28. Rev. Rees will be in charge of the exercises, while ten-minute talks will be made by Rev. C. A. Keller, Rev. G. A. Allison and Rev C. G Huffer.

WOUNDED SOLDIERS ARE COMING OVER

A telegram was received in Monongahela this morning from James Phillips a member of Company A, 110th Infantry, saying that he had arrived in Newport News, where he is a patient in a government hospital. He was wounded in action in France on the 15th of July.

MEN NEEDED AT HOME MAY LEAVE

Following the receipt of instructions from the War Department on Sunday, Brigadier General M. C. Smith, in command of Camp Sherman, Ohio, issued orders to organization commanders authorizing them to discharge enlisted men upon their own application in event of sickness or other distress in the soldiers' family, or when such soldiers are needed at their places of former employment, provided the organization are not greatly reduced thereby and the soldiers' services can be spared.

The instructions apply only to individual and exceptional cases and are not intended to release men in large groups for any general employment or occupation.

EPIDEMIC HALTS MINING OPERATIONS

Spanish influenza in Fayette county has cost between 600 and 700 lives and a loss of at least $1,000,000 to the coke and coal operators in the Connellsville field, according to figures just announced by coke authorities. What the aggregate loss in lives and money will be before the epidemic is wiped out is a matter for speculation.

At present there are more than 5 000 cases in Fayette county, with the death rate increasing and new cases practically at a standstill. Many hundreds of men, some just stricken with the disease and others convalescent, have failed to return to their work in the mines and coke yards. There have been several instances where mines have been forced to close.

BAZAAR POSTPONED UNTIL DECEMBER

Owing to health conditions the ladies of St. Jerome's church have postponed the bazaar which was to have been held this week until one week before Chirstmas.

EXPECT TO CLOSE EMERGENCY HOSPITAL SOME DAY THIS WEEK

No more Patients Are Being Admitted, And Many Being Discharged

WORST OF INFLUENZA PASSED

The board of directors of the emergency hospital which has been located in the high school building for the past three weeks, held a meeting Monday afternoon at 2 o'clock at which time the question of continuing the hospital was taken up and discussed. As the peak of the influenza has apparently passed and patients are not so numerous as formerly, it was decided to leave the continuation of the hospital to the judgment of Prof. Pollock, who has been civilian manager since it was ... some cases might develop later that would require hospital attention but if such a condition should present itself efforts will be made to take care of the patients in their homes or have them admitted to a hospital. It was the consensus of opinion among the board members that the hospital had fulfilled its function and it should be closed this week if it is possible to do so. If this can be done it will permit the public schools to open on Monday. December 2 as expected by Prof. Pollock.

At the present time there are 20 patients in the hospital, but seven of them will be discharged ... There were no admissions on Monday, and there will be none this week, unless the urgency of the case absolutely demands it. There are two patients in the hospital who are quite ill, but these will be taken care of regardless of what disposition is made of the hospital.

The conduct of the local emergency hospital has been all that could be expected under the circumstances, and the assistance it has given to the community has been of incalculable benefit. The death rate at the emergency was 13 per cent and while this is above the average, it is only one-half what other communities in this section of the valley experienced. The hospital will close its work with a knowledge that the efforts were greatly appreciated by the people of the community.

COMMISSIONERS FIX LEVY FOR DOG TAX

The county commissioners at a meeting on Monday fixed the dog tax for the coming year the same as last year, $1 75 for male dogs and $1 50 for female. This tax must be paid on or before January 15

MURDERER FOUND IN MEMORIAL HOSPITAL

Coroner James E. Heffran is informed that Sebastian Rotunda of Ellsworth, wanted for murder, was in the Memorial hospital at Monongahela with a bullet wound in his head. The man on Friday last shot himself. The ball entered the face at the chin and took an upward course lodging in the upper part of the head. The man's condition was serious for a time due to hemorrhages, but at the hospital these were stopped. The man's condition is yet serious, though he is holding his own. Rotunda, on the night of November 2?, is alleged to have shot and killed Pete Rosetti at Ellsworth. Rosetti was found with four bullet wounds, two having entered the head and two the body. Witnesses saw Rotunda fire the shots. After doing the shooting Rotunda made his escape on an Ellsworth-Charleroi street car. He was not heard of until the Coroner was informed that he was in the hospital at Monongahela. It is said that Rotunda is insane, having acted queerly following an extended period of illness.

CRIMINAL COURT MAY BE POSTPONED

A meeting of the Washington county bar was held this morning at Washington to discuss the advisibility of opening the November term of criminal court on Monday next. This court had been postponed from the usual time in November to the first week in December, owing to the prevalence of the influenza and it may be that the session may be again postponed, because of the epidemic which prevails to such an extent in many of the mining communities of the county.

BEGIN DEMOBILIZING ON THANKSGIVING DAY

Military authorities have definitely decided to start demobilization of the first 12,000 men at Camp Sherman on Thursday. Between 500 and 600 troops will be discharged each day and depart at once for their homes.

NORMAL FUNCTIONS

The resolutions adopted by the caucus of Republican Senators that the Congress should assert and exercise its normal and constitutional function, including legislation necessary for reconstruct [illegible] posed by the Democratic Senators, says the New York Times. Congress gave up a great deal of its power to the Executive for the patriotic purpose of pushing the war. But the war is over, and Congress would fail in its duty if it continued in times of peace the policy it pursued in the bloody and dangerous time just passed.

If there should be among the Democrats any Senators foolish enough to dissent from this proposal of the Republicans, we presume that they will base their dissent on the fact that, though the war is over, reconstruction is not. But this is an argument for, not against, the resolution of the Republican Senators. It is in the work of reconstruction that the powers committed to Congress are peculiarly necessary. In time of war it becomes necessary to centralize authority, to sacrifice everything to the winning of the war, but no such necessity appears in times of reconstruction, and the people are very jealous of their Constitution with its threefold Government. They will not be pleased with any party or any set of public officials who under any pretext whatever attempt to continue the autocratic power with which the people willingly vested the executive officers of the Government so long as the country was actually in danger.

There are some officials. Mr. Burleson for example, who seems to think not only that these extraordinary powers are to be continued, but that they are to be actually increased. This is a great mistake. The people are entirely satisfied with the republican form of government under which they have lived for many years, and if it is much muddled with they will express their displeasure in a way that cannot be mistaken.

A WOMAN'S BENEVOLENCE

Among rich women who have made large gifts to educational institutions, Mrs. Russell Sage appears to be second only to Mrs. Leland Stanford, who gave as much as thirty millions at a single time to the California university that bears her son's name. At her death on November 4 in her 91st year Mrs. Sage left an estate of $50,000,000, about $40,000,000 of which is divided among thirty-six religious, educational and charitable institutions, with the expressed desire that each of them in some way commemorate the name of her husband, Russell Sage, by whom the great fortune was amassed. With the remaining ten millions Mrs. Sage suitably provided for numerous relatives and dependents.

After wisely giving away large sums during her life, one of the world's richest women has now at her death substantially illustrated the not always recognized truth that great wealth is a trust rather than [illegible]. [illegible] was very old, her will was dated in 1906 and the second of the two codicils was attached in 1911. These facts reasonably account for the lack of donations definitely connected with [illegible]. Mrs. Sage's [illegible] appears in the account of the [illegible] she established for the study of practical charity and of [illegible] for housing people of moderate means in comfortable homes under easy terms of payment. [illegible] to have been a shrewd but ever a well meaning woman of highly developed benevolent impulses, and it may be said that she has wisely administered the great trust left in her charge.

MONESSEN GAME IS CALLED OFF

Contrary to expectations there will be no football game between the teams representing the Monessen and Charleroi high schools the present year. The game which had been scheduled for October had to be called off on account of the influenza, although at the time it was hoped to schedule a date some time later in the season. However, after Monessen had played its game with Uniontown and the schools of that borough [were] closed, the members of the squad sought work in the Monessen mills and practically disbanded the team for the season. They believed they would be unable to get the members together for practice, and under the circumstances [illegible] it best to cancel their schedule, which was done. The management of the local high school was advised of this action on Monday and as a consequence there will be no contest between the two teams this year.

Charleroi will probably close the season this year on Thursday, Thanksgiving day, with the strong [illegible] team as its opponent. These two teams met twice last year, the first game resulting in a tie, and the second game being won by Charleroi. The game on Thursday promises to be one of the best of the season. There is some talk of trying to secure the Rochester team, but this has not been definitely decided.

PLANS A HOLIDAY FOR RAILROAD MEN

Director General McAdoo sent a telegram on Monday to regional railroad directors requesting that all work not absolutely necessary be suspended on Thanksgiving day. In his telegram Mr. McAdoo said: "In view of the unusual significance of Thanksgiving Day this year, 1918 and of the extraordinary reasons why the American people should give their thanks to Almighty God for the unusual blessings we have received, please direct that all work not absolutely necessary on Government controlled railroads be suspended on Thanksgiving Day."

Eggs are held in a half dozen oval holes provided in a metal plate. Their large ends point toward a common center. While intense light is passed through them they are photographed. A powerful lens is used and an exposure ranging upward to three minutes is made. The result is a picture that shows the size of the air [chambers] in the eggs.

Indigo Now Easy to Obtain.

There was considerable labor in the first methods of obtaining indigo. Seeds for the plants were sown and [illegible] reached their full [illegible] and carried to [illegible] were laid in a [illegible]. Then [illegible] were placed [illegible] them and heavy beams laid across [illegible] and secured to the sides of the vat, the object being to keep the plants down when they [illegible]. Then followed several other [illegible] processes. It took fifteen years for one man to learn to make indigo, and it required twenty years [illegible] factory basis. But now, by employing napthalene (a substance of moth balls) enough indigo can be synthesized to make the output of the growers of the substance in India seem insignificant by comparison.

Beginning of Tobacco Using.

By 1560 the smoking habit had become common throughout Italy, and Sir Walter Raleigh made pipe smoking fashionable at the court of Queen Elizabeth. Tobacco was an important article of trade between the West Indies and Europe before the commercial cultivation of the plant was begun in Virginia, which seems to have been about 1612, or five years after the settlement of Jamestown island. There is a great deal of uncertainty as to the facts about the beginning of the tobacco industry in the United States. It is probable that the Jamestown settlers trafficked with the Indians for tobacco and shipped it to England, or sold it to traders of other nationalities before they themselves undertook the cultivation of it.

There is serious talk to the effect that democracy will be introduced into the solid southern Democratic states of the union, after we have saved the rest of the world for it. In these states it has been supposed up to this time that the only kind of democracy there is the variety you spell with a capital D.

NEW STEAMER IS GIVEN TRIAL TRIP

The new all-steel towboat W. H. C[illegible]ngerman, just completed for the Carnegie Steel Company line by the James Rees' Company of Pittsburg was given a trial trip on Saturday last and performed very satisfactorily. The boat made a run to Amb[illegible] down the Ohio river, where it [illegible] up to a tow of new steel barges [illegible] to the Pittsburg harbor. The boat will be entered in [illegible] on the Monongahela [illegible] coal from the upper pools [illegible] by-product plant at Clairton. The C[illegible]ngerman is a duplicate of the Al[illegible] of the Vesta line.

AMERICAN MEN AND WOMEN IN FIGHTING TRIM

They Keep To The Top Notch of Health

The spirit of the times demands [illegible] to the highest degree of efficiency.

Wise men and women [illegible] that it [illegible] to allow health [illegible] to take advantage of Nature's [illegible] they are [illegible]

Whatever your work [illegible] there is no reason why it should continue to tire you. Your work should [illegible] the right amount of your energy. It is [illegible] to work or your worries and [illegible] yourself that wastes your strength, runs you down, gives you those restless nights, loss of appetite and indigestion, when [illegible] went to bed.

There is no sense in anyone being a victim of ill health, poor blood, over work, nerves or the blues when Phosphated Iron will afford [illegible] prompt and permanent relief.

All over the country men and women in every walk of life lay their good health, strength and nerves of iron to the use of Phosphated Iron, the red blood and nerve builder, and it will also put you on your feet, make you feel like a live one. It produces results that last, that's what counts, no "ifs" about it.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules only. Do not take pills or tablets. Insist on capsules.

Spanish Influenza can be prevented easier than it can be cured.

At the first sign of a shiver or sneeze, take

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with [illegible] All Drug Stores.

Influenza, Cold, Pneumonia, Sore Throat

Yields Quickly to Antiseptic Treatment

Many are finding relief from influenza, Colds, Sore Throat, and perhaps preventing Pneumonia, it is said, by the use of Miller's Antiseptic Oil, (known as Snake Oil). Its great penetrating, pain-relieving qualities insure almost instant relief when applied freely on the chest or throat, well greased when first symptoms arise. The Oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pains. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions results are assured, or your money refunded. On sale at Piper's Drug Store, 30c. 60c and $1.00 bottles. Adv D13

CITY POLICEMAN GAVE EXPERIENCE

Tanlac gave Officer Yost Additional Weight and Renewed His Strength.

"Yes, sir, I gained five pounds during the first week I took Tanlac," said Jesse Yost the well known city patrolman of 3331 Addison street, West Philadelphia recently.

"I had suffered from a sour disordered stomach," continued Officer Yost, "and no matter what I took I [illegible] not get any better.

"My digestion was very bad and I got so I could scarcely eat at all. The gas on my stomach and headaches relieved me no little.

"I was also badly constipated and I felt languid and kind of tired out [illegible] energy was disappea[illegible] and I could hardly pull myself through some days.

"I saw this Tanlac highly praised in the papers. I read where Patrolman Frank Herman had been benefited. I decided that I wanted to try Tanlac, but before I got the medicine I talked with a doctor about it. The doctor said it was all right to try it. I began using Tanlac. When the doctor weighed me he was surprised to discover that I had gained five pounds in weight on the first bottle of Tanlac.

"My stomach is now in good shape and I feel fine. I am rapidly gaining back the strength and weight I lost."

Tanlac, is now sold here by Pipers Pharmacy.

THE RIGHT WAY

The secret of success in shopping lies in being able to look at the garment before you pay for it. You not only look at it. You try it on. You have the chance to try on several. If one does not suit, another will. If alterations are needed, the fitting can be done on the spot. There may be other ways to shop. But this is the only right way. This is the "trade-at-home" way. And it brings not only success to you, but adds prosperity to your town as well. Every purchase you make in this way creates a permanent value in your community, apart from the value and pleasure you get out of it. And you become a community builder. Then why shop any other way. Keep this picture in mind and you will not fail in your duty to yourself and your town.
